Searching Party When Buoy Drifts from S-51

NEW LONDON (Ct.) April 27.—When all was in readiness to-day to begin raising the subma-rine S-51, it developed that the poition of the sunken hulk was unecame a searching party.

The buoy marking the spot

where the submarine sank last September with thirty-three men after being rammed by the City of

pearance was not noted until the six salvage vessels arrived ready to so to work. They began trawling the bottom to locate the vessel.

Capt. E. J. King, commandant of the submarine base here, in charge of the salvaging work transferred his headquarters to the seene of the disaster today. When the submarine is found and raised it will be towed to the Brookiyn navy yard where it will be opened and the bodies of the men lost men the crash at sea removed.

through their fingers by the use of a specially constructed telephone receiver was described today to the National Academy of Sciences in session here by Dr. Robert Gault, professor of psychology at Northwestern University, who predicted it would result in the development of a new art of music for the deaf.

The apparatus used, he said, is a superior phone transmitter, an amplifier which magnifies sound vibrations 175 times, and a receiver held in the hand with the finger tips on the diaphragm.

Using such a device totally deaf persons have been taught in a few weeks to recognize words and sentences without . sight of the speaker, Dr. Gault told the Academy. Skill in this method soon resulted in thinking in terms of touch as normal persons think in terms of sound. It also has made possible, he said, the appreciation of the rythm of poetry which could not be sensed by any method of lip-reading.

Income Tax Collections Rise Despite Lower Rates

New York Makes Largest Contribution

Eight States and Hawaii Have Decreased Returns

[BY A. P. NIGHT WIRE] WASHINGTON, April 27.—In WASHINGTON, April 27.—Income tax collections for March, under the new revenue law, were \$504,141,356, or \$55,412,733 more than for March of last year, when the higher rates were in effect.

The figures, made public today by the Internal Revenue Bureau, include payments made March 15, the first regular receiving date for taxes to be paid this year. They showed New York with the largest collection, Florida with the greatest proportionate increase, and eight States and Hawaii with lower returns than last year.

States which showed declines were Wisconsin, Massachuetts, New Hampshire, Alabama, Georgia, New Mexico and Oregon.

	DEFICIT OF \$21.	000,000	

IN PROSPECT FOR 1927

WASHINGTON, April 27.—A deficit of \$21,000,000 is in prospect for the fiscal year 1927, according to information given President Coolidge by the Budget Bureau.

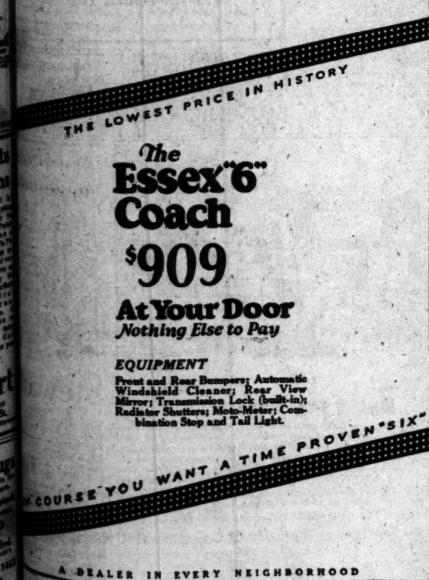

Congressional leaders are being warned, it was stated at the White House, that any proposals for legislation involving continuing expenditures must be considered with the prospective deficit in mind.

A business recession, it was held, would mean an increase in the \$21,000,000 deficit. (EXCLUSIVE DISPATCH)

One of the other favorites, the new 44-foot schooner. Monsoon of the California Yacht Club, was badly outsailed both in and off the wind by Scaramonche during several brushes Sunday afternoon.

The cup defender, Ocean Wave, owned by Smith and Angleman also of the California Yacht Club, has been picked by many to repeat her victory of last September but because she has not been out since she was rerigged and considerable new sail area added, her status is that of a dark horse. The race, open to schooners, yawls and ketches under forty-five feet, starts Saturday noon off San Pedro breakwater, the course leading around the west end of Catalina Island and finishing at the starting point.

This was disclosed to day by Charles Pyle, Chicago promoter, after filing a request with the United States Lawn Tennis Association for exhibition matches contemplated for the French women's tennis champion. The advisory committee of the U.S.L.T.A. was to have considered that request at its regular weekly meeting, but postponed action until next week without indicating what course would be taken.

Mile Lenglen's plan to stay out of the American title tournament is not expected to meet with favor among tennis officials, who pointed out today that, inasmuch as she is coming to this country anyway, it would be looked upon as a return fourtesy for her to compete here in view of the entry of Miss Wills in French championships.

The good work that a good motor oil does goes on where you cannot see it-it must be "taken on faith."

# Aristo Motor 0

Non-Carbonizing Western

Aristo Motor Oil is all lubrication, containing neither paraffin nor asphalt. The hard, flinty abrasive "carbon" that many motorists find on valves, cylinder heads and spark plugs after a few thousand miles of use never comes from this fine Western oil.

The small amount of residue that Aristo leaves is a fine, soft, fluffy substance, most of which blows out with the exhaust.

Motors in good condition which are lubricated with Aristo, therefore, run several years without the troubles, lay-ups and expense so often due to "carbon."

A further preventative of "carbon" is the use of non-detonating Union Gasoline with Aristo Motor Oil. This combination is probably the most effective that is known.

Lightweight Vet

of Benny Leonard's re-

of Benny Leonard's return to the roped arena seem to be more than just stage talk. Nearly everybody has passed it over as good press agent bunk, while Benny, the former lightweight king, endeavored to hypnotise theatrical andiences. But a talk with Billy Gibson just before the latter departed for New York last week to see Tex Rickard about the proposed Dempsey-Tunney heavyweight championship match convinced me otherwise.

The conversation took place in Gibson's room in the Hollywood Athletic Club, He was engaged in the terrific task of packing a wardrobe trunk. Trying to make three dozen shirts, fifty sox, 100 handkerchiefs and an assorted array of golf costumes, sweaters, shees, etc., fit into the space his wife found acquate when packing said trunk in New York. Any husband who has tackled the same job knows that Billy was licked before he started.

Between picking 'em up and laying 'em down (the shirts) Billy found time to tell me about Leenard.

"You know," he said, "Benny came to see me the day I left for the Coast. Several times in the past few months he has talked to me on the phone, expressing amazement at the 'big gates.'

"The day he left he did not mention fights, but he asked me to be sure and phone him the moment I returned to New York. 'I may have something that will interest you,' he said."

"Are you still Leonard's manager?" I asked him.

"There is no contract," Gibson returned, "but there has

always been a mutual under-standing that if Leonard does come out of retirement I will handle his affairs just as I did when he was the lightweight champion of the world."

And Just so sure as Leonard returns to the ring it will be against Mickey Walker, the welterweight champion. Benny has maintained right along that he can make the lightweight limit, but he's shrewd enough to know that he will make ten times as much money battling Walker as he will tangling with the indifferent crop of lightweights in the field at the present time. Such these champions as Rocky Kansas, for example.

Then, too, he has an excellent chance of "taking" Walker. The Walker who came West with Kearns early this year was no more the Walker who came West to batter Bert Colima around the ring than anything. Walker was heavy and bloated and looked little the sparkling, furious fighter of 1925. Perhaps that was why he did not fight here this season.

Your Uncle Jimmy Dougherty's news that Tex Rickard is contemplating a heavy-weight battle for the colored championship between Harry Wills and George Godfrey, the winner to meet the winner of the Dempsey-Tunney muss, is not a bad idea at all.

However, Uncle Jim may have some difficulty in prying George loose from the tentacles of the movies. George has been snared. He thinks he's a great actor, which he may be for all I know. But the big thing is he's eating regular, which is quite an item with George.

(Continued from First Page) and Krug took up the argument and the Seraph skipper was finally chased. That took up about five minutes and helped to lengthen out the two-hour and thirty-one-minute struggle until it compared favorably with the shadows over Wrigley Field.

The Angels, however, made good and sure of it when they finally did lose the struggle. Doc Wright contributing the error that gave the Suds the first of their winning runs and turned the tide of battle.

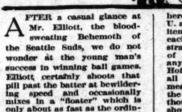

Billy Lane, Sud center-fielder,

opened the Seattle eleventh by punching a double to the bleachers. Brady bunted the ball to Wright and Doc had plenty of time ers. Brady bunted the ball to Wright and Doc had plenty of time to get Lane at Third. However, the flinging physician from Big Stone Gap, Va., heaved the ball far over Brazill's head and Lane scored and Brady went to second. Calisghan followed with his fourth hit of the game, a single to center that scored Brady, and went to second on Brazill's poor throw to Hemingawy after cutting off the throw-in. Hufft was hit by a pitched ball and Jimmy Hudgens slapped a single to left, filling the sacks with Redskins. Whereupon Wright was derricked and Whitey Glazner sent in to get the Indians back on the reservation without further bloodshed. Sherlock greeted Whitey with a sacrifice fly to Statz, Callaghan scoring and Hufft taking third after the catch. Ted Baldwin singled Hufft across and Joe Jenkins, who drove in five of the Seattle runs, doubled to right center, scoring Hudgens and Baldwin. Elliott fanned and Lane, who started the massacre, grounded gently to Mitchell for the third out.

INNOCENT BYSTANDER BILL HENRY

A Mr. Elliott, the bloodsweating Behemoth of
the Seattle Suds, we do not
wonder at the young man's
success in winning ball games.
Elliott certainly shoots that
pill past the batter at bewildering speed and occasionally
mixes in a "floater" which is
only about as fast as the ordinary pitcher's fast one and
therefore appears rather slow.
The Seattle find is remarkably
loose jointed and supple for a
guy who stands about oft. 4
and weighs only a couple of
pounds less than a borse and
certainly looks as though he
would win a whole lot more
ball games for Mr. Killefer before he gets through.

According to our estimable
Mr. William Hickman Pick.

According to our estimable Mr. William Hickman Pickens, Suzanne Lenglen is really coming over here and is really going to play in pictures as well as on the tennis courts. We are eagerly awaiting the news from Billyum as to how the whole thing is going to be arranged. There is going to be some money for somebody in this trip or else Mr. Pickens and Mr. Pyle wouldn't be so interested. We are just wondering how Messrs, Pickens and Pyle are going to arrange matters to repay themselves for their trouble and still not get Mile. Lenglen in wrong with the amateur authorities.

Speaking of amateurism of

here as the guest of the A. A. U. and instead of turning in an itemized expense account after each performance he gets a straight guarantee of a couple of hundred dollars. Without any question the expenses of Hoff and his wife will eat up all that he gets and in the meantime he will bring into the coffers of the A. A. U. thousands of dollars. Mr. Hoff should be allowed to live like a king during his brief stay.

The 172-mile-an-hour record hung up by some Englishman on a strip of British beach ought to stir up somebody in this country to do a little better. Tommy Milton in a Duesenberg still holds the official world's record at 156 miles an

step

thru-

senberg still holds the official world's record at 158 miles an hour although Sig Haugdahl was unofficially credited with 180 on the same beach. It looks very much right now as though it would be possible to take a motor of about 122 cubic inches and beat the Packard record although that motor was approximately ten times as large.

Although very little is heard about it the motor engineer has been busy and has found out things in the past three or four years that makes the old-time engines look futile and ingenies. It will be a big surprise if they aren't making about 130 miles an hour this year with the little 93 cubio inch motors which are just half the size of a Ford.

mrs. Harry Belden of Wilshire, playing in her fastest major event, won all tourney glory yesterday when she defeated Mrs. George Weber of the Los Angeles club. I up, nineteen holes. Mrs. Harry Grossman of Hillcrest, despite the fact that she has been playing fine golf for months past, did. upset some of the presuranged dope by defeating Mrs. Anne Walverton. 3 and 2, in another exciting title flight match. Mrs. Wolverton was putting badly, but squared her match on the ninth and won the tenth, but wavered home in the wake of the championship game.

MRS. CAMPBELL STARS

Mrs. T. H. Pike of Wilshire,
playing the fine game she is capable of, tested the mettle of one of
the finest players in the championship when she golfed through seventeen holes before losing, 2 and 1,
to Mrs. W. W. Campbell of the
Los Angeles club. Mrs. Campbell
was never seriously in trouble,
neither was she ever very far in
front, despite the fact that Mrs.
Pike squared the match with a

While Mrs. C. W. Cook of Beverly was defeating Mrs. George Burra'l, California, 3 and 2, Miss Kathleen Wright of Flintridge was cutting loose with championship golf that is proving the worth of the greatest State event, ever, and at the expense of a very dear friend, Mrs. Louis Lengfeld of San Francisco. Ag usual, Miss Wright is playing after a vacation, this time with a very legitimate excuse, for she is still convalescing from a recent illness, and was out in 40 before defeating Mrs. Lengfeld, 8 and 6. The final result will never be a discredit to the San Francisco star for the game played by the diminutive visitor reserved.

Miss Margaret Cameron of An nandale, well in the wake of Mis Wright, who is also from Pass dena, played a brand of golf to de feat Mrs. Charles Owens, 8 and 7 that was beautiful to behold. Mis Cameron is hitting every one of the many shots in her bag, per fectly and will be in fine shape for her first real tourney test when the meets Mrs. Brent Potter of San Francisco, in a second-roum match this morning. # Voters and Tax Payers of Los Angeles:

The Presidents of the four railroads serving Los Angeles have stated over their own signatures that they will never build elevated railroads longitudinally over streets in the city of Los Angeles, or over private rights of way in the retail or in the residence districts

### Here Is What the Presidents say:

Much false propaganda has been issued recently for the purpose of leading the people of Los Angeles to believe that the Pacific Electric Railway Company proposes to install a large network of elevated railroads using streets longitudinally in Los Angeles. There is no basis of fact for such propaganda.

The undersigned officers, who have been active in the management of Pacific Electric Railway Company for twenty years, have for more than ten years held the view that elevated railroads should not be constructed in streets and would not be permitted to use streets longitudinally.

We make the unqualified statement that the Pacific Electric has no intention to construct elevated railroads longitudinally over the streets in Los Angeles; and pledge the people of Los Angeles that the Pacific Electric will never build elevated railroads longitudinally over the streets anywhere in the City of Los Angeles; or over private rights of way in the retail district or in the residence district.

PACIFIC ELECTRIC RAILWAY COMPANY
Paul Shoup, President
D. W. Pontius, Vice President & General Manager
Frank Karr, Vice President & Chief Counsel

The statement as far as building elevated railroads in Los Angeles, as covered above, also applies to the Union Pacific, Southern Pacific and Santa Fe Railroads.

The plan of the railroads is for separation of grades over a private right of way, simply crossing streets by elevated tracks, through the industrial district only, East of San Pedro Street for Pacific Electric and East of Central Avenue for approach to Central Station—a total of 2.9 miles; providing adequate passenger facilities at an expenditure of approximately \$10,000,000.00; including a new Santa Fe Station to cost approximately \$1,000,000.00; all to be completed within 18 months from time construction is authorized.

UNION PACIFIC SYSTEM
C. R. Gray, President

THE ATCHISON, TOPEKA AND SANTA FE RAILWAY CO.

PACIFIC ELECTRIC RAILWAY COMPANY

It is to Your Interest Now to Forget All About Elevated Railroads, Because We Won't Have Them.

# How About Taxes?

If the Chinatown property near the Plaza is purchased and made into a park, as suggested by the Plaza proponents, it will have to be paid for by the tax payers.

A union station at the Plaza would close certain streets.

It would shift and distort a portion of Aliso and Alameda Streets.

It would add to the cost of the extension of San Pedro and Santa Fe Avenue, as proposed under the major traffic street plan.

Plaza advocates say that First, Spring and Temple Streets are to be widened.

# All at a Tremendous Expense to be Paid by the Tax Payers.

THE IMPORTANT THING IS THIS: Shall Los Angeles have elimination of grade crossings, removal of Pacific Electric interurban trains from downtown streets, and adequate passenger terminal facilities, including a new \$1,000,000.00 Santa Fe Station? The railroads will provide these without costing the tax payers and property owners of Los Angeles one dollar.

The railroads will spend \$10,000,000 in Los Angeles on these facilities within the next 18 months, if the necessary authority is received.

To make it possible for Los Angeles to have these things

Philadelphia Transit Con pany to Have Monopoly

IBY A. P. NIGHT WIRE! PHILADELPHIA, April 27.—An experiment unique in the records of a first-class municipality will be tried out in Philadelphia this

be tried out in Philadelphia this summer.

Under authority voted by the City Council, and with the enthusiastic approval of a considerable portion of the citizenry, the Philadelphia Rapid Transit Company is to establish a virtual monopoly of intercity passenger transportation. Already operating the subway, sufface and elevated lines, and most of the motor busses, the company will take over the leading taxicab company's equipment.

In no other city has such an undertaking been authorized, according to a survey made by the transit company. It produces what has been referred to as an "air-tight" concern, as its only competitor in the transportation field then will be a single company having a comparatively few taxicabs, which the transit company may eventually acquire.

comparatively few taxicabs, which the transit company may eventually acquire.

Co-ordination of the taxicabs and motor busses with the regulation at rest-railway facilities is necessary if the street-railway business is to survive, said Thomas E. Mitten, chairman of the board of directors of the transit company. In his testimony before the Philadelphia Transit Commission, when Mitten applied for permission to issue \$5,000,000 in 8 per cent preferred stock to finance the taxi purchase, he asserted the taxicabs and motor busses in New York and Chicago, operating separate from the trolley concerns, had been the cause of street railway earnings failing to show a normal increase.

Mr. Mitten said he had found that taxicabs and reotor busses in New York combined earn about \$30,000,000 a year. Failure there to co-ordinate the two services with the regulation street railway service, resulted in losses to the existing electric transit facilities, he believed.

"Co-ordination of taxicabs with motor busses and trolleys will constitute a monopoly, not for private interests, but for the benefit of the community served." Mr. Mitten saverted. IBY CABLE—EXCLUSIVE DISPATCE!

ROME, April 27.—Douglas Fairbanks and Mary Pickford arrived tonight from Florence and received a thunderous ovation. The king and queen of American film-land say they intend to stay in Rome until Friday night, when they will proceed to Berlin for a lengthy stay.

During their present visit they are eagerly awaiting an interview with Premier Mussolini, but did not speak of seeing the Pope. Douglas Fairbanks gave the famous blackshirt salute to the cheering throngs everywhere from the station to the hotel.

"We are most happy to be here, especially since we are assured that Mary's mother is on the rapid road to recovery at Monte Catini, where she is taking the cure." Doug said, "Tomorrow night we are to make a personal appearance at the Corso Cinema Palace at the first Italian showing of Ta Piccol Anna. which translated means Mary Pickford's latest stellar role 'Little Annie Rooney'."

SACRAMENTO, April SACRAMENTO, April 27.—
Choked into a state of unconsciousness in her home by a midnight viritor who turned and fled when neighbors answered her screams for help, Mrs. R. A. Huff of this city is recovering today from the effects of an attack made by an unidentified man whose description tallies in almost every particular with that of the "San Jose strangler" who, after murdering two women, dropped from sight shortly after the first of March.

dering two women, dropped from sight shortly after the first of March.

The belief that the assailant was the "strangling beast" who murdered Mrs. Laura E. Beal of San Jose and Mrs. Clara M. Newman of San Francisco is based upon a description of the man who figured in the affair of last night.

Mrs. Huff said that she was lying on a loungs when a man suddenly appeared in the room. He approached and said gruffly and brokenly: "Come and get out of here." When she made no response the stranger leaped at her and clutched her about the throat. She said that she had presence of mind for a moment and screamed. Two screams were heard by Mrs. Bates, who lives across the hail. As she was about to enter Mrs. Huff's apartment she saw the strangler flee through the front door. She found Mrs. Huff lying on the floor in the room in a semi-conscious condition.

BERLIN PAPERS
UNANIMOUS FOR PACT
[BY CABLE AND ASSOCIATED PRESS]
BERLIN, April 27.—The Benin press today unanimously indorses the Russo-German treaty, although from diverse motives.
The organs of the governmental coalition parties, such as Germania (Centrist) and the Taegliche Runschau (People's party,) hall the treaty as constructing a bridge between the East and West.
The papers of the right welcome the treaty as "repairing the trunk line to Russia," but they severely criticise the government for restating that it adheres to the Locarno policy.
Whether the treaty, which is given the appellation "the treaty of Berlin" will be submitted to the Reichstag, is still undecided. Under the constitution, treaties which neither constitute an alliance nor touch on constitutional matters, do not need ratification, the President's signature being sufficient. There is a growing tendency however, to render all treaties doubly secure by Parliamentary ratification.

SACRAMENTO, April 27.—Five hundred foreign corporations doing business in California are interested in the suit filed in the State Supreme Court to test the constitutionality of the State Corporation Licease Act, Secretary of State Jordan announced today.

The suit was instituted by the Perkins Manufacturing Company, a Minnesota corporation, which has petitioned for a writ of mandate to compel Jordan to file certified copies of its articles without requiring payment of the licease tax. The company is attacking the law on the ground that it violates the commerce clause of the Federal Constitution giving Congress the exclusive right to regulate interstate commerce. Jordan says the law already has been upheld in the Supreme Court.

SUCH a measure of enthusiasm as the public has voiced in respect of the Chrysler Imperial "80" is decidedly out of the ordinary. Those who possess an Imperial "80", those who have experienced its superb performance, are unanimous in acclaiming it the finest of fine cars—a perior and unique achievement of Chrysler ering. Its charm is undeniable and its rogue is changing the whole trend of fine car-buying, for it so far surpasses existing standards that it has established a new criterion of motor excellence. There have been incorporated in struction qualities of performance, luxury ed endurance unprecedented in the fine car field.

Visualize what it will mean to the world of the future, the NEAR future, if you will!

It should mean much to us here, in Los Angeles right NOW.

THE WAR STREET

Buenos Aires has a two million dollar aerodrome, and the commercial traffic by air in and out of the Le Bourget Aerodrome, at Paris, has already reached tremendous proportions. Our neighboring city, Santa Monica, has just carried a bond issue of \$860,000 to provide a municipal airport.

able landing fields for commercial flying.

OS ANGELES is presented with the immediate necessity of providing suit-

The opening of the Western Air Express Landing Field on Telegraph Road is proof

that aerial transportation is now an accept-ed and practical fact.

New Municipal Airports Everywhere

Already thousands of American cities are listed in the Guide of the National Aeronautic Association of the U. S. A. as having provided municipal landing

Many of the larger cities of the United States have spent hundreds of thousands of dollars for this pur-pose. Foreign cities have gone further than our own into this vital subject.

Los Angeles is lacking adequate facilities for hand-ling aerial transportation. We must have well-equipped landing fields and aerodromes in order to take our place as one American city that has made adequate preparation for air traffic.

But Los Angeles must not stop there! We who are fortunate in having ideal year 'round flying conditions have lagged, up to now, in our concept of the vast possibilities which commercial flying opens up.

L. A. Climate Favors Airplane Industry Because of our unexcelled climate, here is the place to train pilots and mechanics by the thousands to fill the places that the new demand will create. Schools for flying will flourish.

It was here that the World Flight started—actually, if not officially. We must not lose sight of the this great new business.

Besides the use of Landing Fields for Commercial purposes, they can immediately he employed as aeroplane bases in time of war. It is now necessary and important to provide against invasion through the air, in the event of hostilities.

Los Angeles, Future Air Industry

Center

We can establish here the "Detroit" of the aeroplane industry, if we will. But it requires action.

The first step must be taken now.

This should be the acknowledged center of aeroplane manufacturing, just as Detroit has assumed the
leadership in automobile building. Before long, vasit
factories will be required to turn out airships to fill
the growing demand everywhere. In this region we
aiready have a nucleus upon which to build; the
Douglas plant at Santa Monica is turning out an
average of five planes each week.

Airplane Delivery No Problem

These planes may be delivered under their own power in a few days to any part of the United States. Our geographical location in this aereplane industry in no way handicaps us, but is an asset.

Because work is done here under perfect and ideal conditions, countless factories of associated industries of all kinds will spring into being, providing work for tens of thousands and building up an immense payroll.

Flying Between Home and Office The business man will be able to work in Los Angeles and live where he pleases—Arrowhead, Forest Home, Araby, Lake Elsinore, Coronado, La Jolia Shores, Santa Barbara, Catalina—he can have his home in any of the choice places of Southern California.

Imagine what it will mean to a business man to be able to leave his office in the evening, go to a public landing field, get in his aeroplane and arrive at his home a hundred miles distant, as quickly as he now travels by car only a few miles to his home. These are not vague prophecies. Forces are now at work which can make them realities in the near future. But there must be an immediate awakening of the public consciousness.

Let's Act Now
Fellow citizens, you can see the great industrial
ossibilities for Los Angeles that are opened up by commercial flying!
Then don't you think we should have well-equipped municipal landing fields?

Do Not Be Misled by Railroad Propaganda!

Be fair to yourself as a citizen—investigate the facts. This is a fight which the PEOPLE have carried on for over ten years. Victory is in sight.

DOES LOS ANGELES NEED A UNION TERMINAL STATION?

On the contrary, the California Railroad Commission and the Interstate Commerce Commission declare that a union station at the Plaza will cost the railroads \$1,000,000 less to build than their elevated-road alternative and will be much less costly to maintain and operate.

WASHINGTON, April 27.—
Widely different plans for solution

members of its Agriculture Committee, which has been delving
into the situation for several
months without reporting an agreement on any single measure.

The committee requested House

KANSAS CITY April 27.—That Mrs. Mary Harriet Dowser, 43 years of age. Fountain-Place Apartments, was slain by a man who probably followed her from a carnival show at Eleventh street and Lydia avenue, is the theory on which city detectives are working. The detectives has e their theory on the fact that several white women have been attacked in the neighborhood recently by a negro or a white man made up as a negro. The man has followed women, and attacked them by choking them.

the general decline of commodity prices over the last six months or
more, farm products have fallen faster than the average for all
commodities as the accompanying chart shows. The average of all
commodities is now back to where it was at about the time of
the 1924 election, which was followed by a boom in wheat and
some other commodities in anticipation of booming business. The
rise carried well into last year, fell back sharply in the summer,
and again moved forward in early autumn. Since then the movement has been downward. As a result of the slump in farm
products the average price has dropped to a level below the average for all commodities after having crossed the line last year.

WHAT ABOUT STREET BONDS?

Southern California investors owe it to themselves to investigate the unusual security, generous income, and freedom from taxation offered by California Street.

These bonds constitute a direct lien on specific property ranking ahead of all mortgages, present or future. In many cases the value of the security is over 100 times the amount of the outstanding bonds.

#### A 61/2% First Mortgage **Bond Backed by Diversified Security**

F OR the conservative investor seeking R sound security combined with an attractive interest yield, we suggest FORVE-PETTEBONE CO. First Mortgage 6½% Sinking Fund Gold Bonds, due 1941.

These bonds are secured by a first mortgage on four well-located parcels of Los Angeles business property, owned in fee. Improvements include a five-story store and loft building, completed in 1925, and a heightlimit Class "A" store and studio building to be erected immediately. The mortgaged property is conservatively appraised at a total of \$1,418,375, making this less than a 57% first mortgage. Annual net earnings are estimated at over 2.4 times maximum annual interest requirements.

Application has been made for the certification of these bonds as a legal investment for California Savings Banks.

# GARBLED "INFORMATION"

CAUSES OF INVESTMENT LOSSES

THE present-day buyer of stocks or bonds cannot complain of a lack of "information. He is besieged with literature and pe solicitations, describing many "opportun to obtain large profits through investing in a great variety of enterprises described in glowing

Then there is always the friend or casual acquaintance who has confidential and inside information regarding the speculative movements of the stocks of well-known companies

The purveyor of this so-called information of the latter kind may be entirely sincere in his belief, but it is safe to say that no sane business man would act upon such meagre and unsponsored data if a similar sum of money were involved in any other business transaction.

When you feel an impulse to act hurriedly in investing remember that you would find it profitable to first avail yourself of our complete facilities. Let us give you details.

### **FABRICATIONS VS. FACTS**

No great civic project in the history of Los Angeles has een fought so long and desperately and bitterly as the railroads, led by the Southern Pacific, have fought the project of union railway station at the Civic Center. Routed from every position they have taken, facing an

minent renewal of the State Railroad Commission's order that they shall build a union terminal in the Plaza area, they are climaxing their ten-year war against the project with a campaign of such vigor and venom as the city has seldom seen. An immense sum of railroad money is being spent to defeat the union station propositions (Nos. 8 and 9) on next Friday's ballot. Los Angeles has been literally flooded with propaganda signed by organizations which are transparent dummies for the railroads. Costly advertisements, speakers downers, being the railroads. house-to-house canvassing, precinct workers, dodgers, billboard posters and newspaper-size circulars are being employed lavishly. No device known to skilled and experienced politicians with unlimited money at their disposal has been

The principal weapon of the railroad propagandists has been, necessarily, misrepresentation. Unable to make headway with a defense of their elevated-railroad alternative for a union station, they have resorted to the baldest of missage. ments directed at the project to make a union terminal part of our great Civic Center group. Following are some of the principal fabrications with which the railroads hope to deceive the voters and the truth about them:

(1.) They declare that a union station in the Plaza area will increase congestion by forcing traffic into the "neck of a

THERE IS NO POINT IN THE CITY WHICH WILL HAVE AS MANY BROAD, THROUGH TRAFFIC ARTERIES TO AND FROM IT AS WILL THE NEW CIVIC CENTER. AMONG THEM ARE NORTH AND SOUTH BROADWAY, MAIN, NEW SPRING STREET, LOS AN-GELES STREET, SAN PEDRO STREET, ALAMEDA STREET, TEMPLE STREET SUNSET BOULEVARD AND FOUR SHORTER STREETS LEADING FROM THE CIVIC CENTER TO SUCH ARTERIES AS FIGUEROA HILL STREET, CENTRAL AVENUE AND FIRST

Compare this with the Arcade Station, where the railroads wish to mass all Southern Pacific and Union Pacific trafficreached only by Central avenue and by Fifth street, which is not only narrow but is a stub-end street.

(2.) They call it a "real estate scheme."

THE RAILROADS ALREADY OWN THREE-

FOURTHS OF THE REAL ESTATE INVOLVED AND ARE TRYING TO GET THE REST.

(3.) They declare it will destroy the historic Plaza and old Plaza Church.

D To say the least, the London Chamber of Commerce is pretty cool about it.

It hints very strongly that the United States government should make good the \$75,000,000 loat to British investors who bought Confederate bonds half a century ago.

In other words, that this nation should reimburse those who helped finance an armed, rebellion which threatened the very existence of the United States.

Great British behaved were badly toward us during the Civil War. The British ought to be the last people to attempt to revive any Civil War memories.

EIGHT DAYS TO GO

EIGHT DAYS TO GO

And so you have just eight days in which to get your ideas and have them in The Times office in which to be eligible for the first week's 200 prizes.

As you already have read, there is nothing technical in the contest. You are simply asked to write your opinion, either in letter, slogan, poetic, epigramatic or any other form, about the products which are listed elsewhere in this paper as co-operators with The Times in the competition.

There is nothing difficult about it, for an advertisement is but a written thought. So are letters. You can write a letter, therefore you can write an advertisement.

There are no coupons to clip and you don't have to be a subscriber. All you must have is an idle moment, a pencil and a piece of paper, and an urge for ideas.

Each advertisement must be

Each advertisement must be written on a separate piece of pa-per, and the entrant's name must be on the reverse side, otherwise the entry will not be eligible in the the entry will not be eligible in the contest.

Tou can submit advertisements daily if you wish—they will all be considered. You can start at any time or stop at any time.

Elsewhere you will find a carefully compiled list of rules for the cempetition. Read them carefully, then follow them. You'll find it easy.

Then mail your contributions to the Ad-Writing Contest, care The Times.

Which is quite all right from Pat's point of view—but I wonder how Patricia feels about it? There is room for a little emotion on her side—and speculation and computation. Especially as divorce isn't so easy in the Free State yet—and there doesn't seem to be any explanation as to what happens when Irish Free State civil servants go and get unmarried again. And especially as:

"Neither marriage allowance nor children's allowance will be permitted to bring the total pay per annum to above \$20 pounds a year"—(about \$2150) "and the maximum for a married man without children is 356 pounds a year" (about \$1750.)

A bachelor or spinster civil servant rarely achieves more than \$1200 a year—mostly less. But at the best figure that spinster drops from a walue of \$1200 a year to \$3550 a year when she marries. And hubby gets that—not she—which doesn't sound a bit like Irish gallantry, and Patricia would have sheated for the Times: ] Will whom what the park situation at Wilmington?

A backelor or spinster civil situation and should never be subvivilled.

The History and Landmarks Association, the Presidents Association and others should help in this matter and no doubt will. Marshall Field & Co.'s salesmen were astonished at my prosperity, but, alas, in the year 1838 the "L" road came to our nice street and spread its gloom over it and caused sadness and sorrow to enter our hearts, merchants and residents alike. My clerks got to be dissatisfied and began to complain of the noise overhead and the gloom below-oftimes could not make customers hear and understand their words, which caused a deal of delay in transacting business. Soon theves and hold-ups came in droves. People were held up, store windows were broken, goods stolen in large quantities. If there was a policeman within 100 yards away from where a window was broken by a brickbat he would hear nothing of it; neither would he hear the cry of a person in the hands of a hold-up in that short distance, on account of the noise of trains passing on the "L" above and street cars down below.

ARGENTINE RESEARCH

Aside from the researches conducted in the United States by the Museum of the American Indian, Mr. Heye said that institution has recently completed extensive investigations of primitive Indian culture in Argentina.

"We obtained a large amount of valuable archeological material near the mouth of Parana River of a type never before known," he said. "It consists of pottery, weapons and implements of different kinds, all of a character showing that the people who made it had not reached even the cultural development of the primitive pueblo Indians of Nevada."

The Museum of the American Indian, which was established in 1915, is rapidly developing into the foremost repository of ancient Indian lore in the world. It now has more than 2,000,000 exhibits. Mr. Heye said. ARGENTINE RESEARCH

Yes-"Off-Color" Teeth Can Now Be Lightened

Gums Firmed to Healthy Coral Tint

Accept full 10-day tube of this new way that leading dental authorities urge. Your teeth are not naturally dull . . . simply clouded by a dingy film coat now easily cleared off

THERE is now a new way in tooth and gum care. A way that acts differently from ordinary pastes and dentifrices. A way that clears cloudy teeth to sparkling whiteness; that firms gums to a healthy coral tint.

Modern dental science has made important new discoveries. It's been proved teeth are seldom naturally "off color." Simply clouded by a film that old-time dentifrices did not successfully clear off.

Let us send you a full 10-day tube to try. By clearing your teeth of that film coat, you may change your whole appearance.

> What film is-dulls teeth, invites gum disorders

Dental science now traces scores of tooth and gum troubles to a germ-laden film that forms on your teeth. Run your tongue across your teeth and you will feel it-a slippery, viscous

That film absorbs discolorations from food smoking, etc. It makes teeth look "off color.

That film clings to teeth, gets into crevices

And they, with tartar, are a chief cause of pyorrhea and decay.

Old ways won't clear it off Ordinary dentifrices and cleansing won't fight film successfully. Feel for it now with your tongue. Note how your present cleansing method is failing in its duty.

Now new methods are being used. A denti-frice called Pepsodent—different in formula, action and effect from any other known.

Largely on dental advice the world has

Clears film off. Firms the Gums

It accomplishes two important things at once: Removes that film, then firms the gums. and stays. It lays your gums open to bacterial A few days' use will prove its power. Send attack. Germs by the millions breed in it. the coupon. Clip it now before you forget.

Early Concert Made Up of Light Classics

H. M. Robertson Gives Talk on Care of Dogs

BY PAUL SHEEDY KHJ last night presented an extended concert period again, broad-casting until 11 p.m., one hour ater than usual, giving the thousands of patrons an hour of dance music by Glenn Edmunds and his Collegians as the concluding part of a diversified evening of interesting entertainment. The earlier period, from 8 until 10 p.m., was of diversified light classics and popu-

diversified light classics and popular renditions.

Frederick MacMurray, featured viola soloist of the tower, gave his weekly group of selections, opening the concert hours, followed by Gloryne Keeney, a new mezzo-soprano, who was warmly praised for her initial offerings last night. Another new artist appeared on the program in the person of Herman Huisveld, planist, and he also was lauded for the excellent presentation of several difficult compositions. Donaid Minor shared in the success of the evening with his splendid tenor solos, with Mona Content, the studio's concert planist, serving as an accompanist for the broadcast. The popular touch was given to the program by Eddle Miller's Dixle Boys with a group of attractive selections.

REACH FAIRYLAND COURT
Quickly Uncle John and the
Sandman followed the light, which
led them out on to the roof and far
across space. At last it came to
rest upon the throne of Queen Titania in the Court of Fairyland.
Then, where the spot shone, there
appeared the Fairy Queen, who requested Uncle John to be seated
beside her. Now there sounded the
Fairy Trumpet and groups of little
Elves came into the room. First
came the Fairies of Earth, followed in turn by those of the Air,
Fire and Water. Thus were the
Fairies of the Elements assembled.
After Queen Titania had explained
their duties, they gathered in a

Definite word that John Barrymore will soon begin making his own pictures for United Artists was received in Los Angeles yesterday.
Telegraphic advices said that John Serph M. Schenck, chairman of the board of directors, had received confirmation from Barrymore himself that his only official plans for the future were linked with the United Artists' banner.

"The Vagabond Lover" is reported to be the tentative selection of a title for Barrymore's first United Artists for one year, and I am delighted with that and with the personal association with you," Barrymore declared in a telegram to Mr. Schenck.

Emphasis is placed on original stories in the new program activities. The list of writers, novelists, playwrights, short-story writers have been increased from less than two dozen a year ago to a present total of seventy. This list contains some of the most famous names in contemporary literature of promise. These, it is said, will create directly for the screen three-fourths of the studio's output, and none of it through the medium of novels or plays.

The staff of producing executives has been increased from two to five and now includes Irving Thailored artists banner.

"The Only definite arrangement I have made is to produce pictures for United Artists for one year, and I am delighted with that and with the personal association with you," Barrymore declared in a telegram to Mr. Schenck.

Early this month, a suft by the defendant against the physician and in which she sought to collect \$50,000 damages for asserted neglect of her nose, which she add intrusted to Dr. Balsinger for beautification, was tried in Judge Guerin's department of the Superior Court. Judgement was rendered for Dr. Balsinger, who appeared as the only witness for the defense.

## CHILD FIGHTS FATHER FOR MOTHER'S ESTATE

The opening gun was fired yesterday in a contest between Violas Shafer, 8 years of age, and her father. Bert Shafer, over a \$40,000 estaate left by Selma Shafer who died recently. Mrs. Shafer was the mother of the child and the wife of Shafer. A few months prior to her death Mrs. Shafer had obtained a divorce from Shafer. He has claimed the estate, however. Yesterday Atty. Morris Abrahams filed a petition for the appointment of a bank as guardian of the child to contest the matter.

# WAR WAGED ON SMILE CONQUERS TRAGEDY SUSPECTED

Daughter of Villa Massacre Victim Loses Indemnity Fight by Decision, But Still Carries On

For ten years tragedy has been putting tears into the brown eyes of Sarah Frances Pearce, but the smile of hope behind them still shines through. Sarah's story is not a long one, but is part of a series of complications that have involved two nations.

Her troubles began when she was 6 years of age. That was in January, 1916. A party of fifteen mining engineers was returning to the United States from some mines near Chihuahua, Mex. Near Santa Ysabel, the train upon which they rode was sacked by Pancho Villa and his followers. The fifteen mining men were dragged from the train and slain. Among them was W. D. Pearce, Sarah's father, SUIT DISCARDED

countries infected with foot-andmouth disease or rinderpest, will be put into force at San Diego, Santa Barbara and Los Angoles harbors, Louis H. Schwaebe, Collector of Customs, announced yesterday.

The Balkan States are particularly affected by the ruing of Secretary Jardine. Due to carelessness on the part of publichesith authorities in that section of the world, animal infections have been curbed but little. Three years ago California was subjected to a bovine and equine examination that ended in losses of millions of dollars to owners of thorough been curbed stock.

"To enforce the Secretary's order." Collector Schwaebe said, "it will be necessary to increase the crew of inspectors working at each Southern California port, but the additional expense should in the end prove a great saving and win the gratitude of every stock raiser."

Secretary Jardine's order is mandatory and absolutely prohibits the entrance of any ship into United States harbors that carries the barred animals.

Swallow may die. The bullet entered his back and came out through the chest, passing near the lurday dancing, and, except for the through the chest, passing near the heart. A charge of suspicion of grand larceny was placed against him.

Allan was in plain clothes, keeping an eye out for automobile thieves and bandits. His partner, officer Farran, was patrolling Carondelet street, a block away. The latter joined in the pursuit when he heard the shots.

Swallow, according to the report, continued to run after being shot, until he collapsed near Ninth street and Parkview avenue, several blocks away.

Police are looking for Swallow's asserted partner who, they think, also may have been wounded.

The principal address we made by Motley Flint, banker, who deplored the lack of organization in Republican circles in this State.

He asserted the direct primary is a bad 'hing for a poor man and that the old State conventions are missed.

"We have today no organization but we have the direct primary," he said. "Any man whese name is known will get the votes. The people vote for names now. How is known will get the votes. The people vote for names now. How about before? We had a political organization. If we had had a convention don't you think we would have been able to put over reapportionment at Sacramento two years ago?"

Mr. Film discussed the importance of organization to the party and in closing told of some of his experiences in past political campaigns.

Some may pretend they would not mind the din and ugly conditions of the elevated ralironds but Aimee Semple McPherson, pastor of Angelus Temple, for one is descidedly against such an idea. If the railroads should win out in their proposed erection of more than four miles of elevated tracks in Los Angeles, well, "I wouldn't want the slevated to go past my church," said Mrs. McPherson last night.
